

# Hangman

## Hangman

Think of a word (4 to 6 letters). Put that many dashes under the Hangman Platform.

Have your opponent guess the word, by trying to guess letters in the word.

It is helpful to let opponent know the subject or category of the word. (colors, states, animals ...)

They will have 6 tries (head, body, 2 legs, 2 arms).

Use the alphabet to cross off used letters.
